Internship

90 Days

Frontend Web Developer Intern

Dizidigitan Hub Private Limited (Digitian Hub)

Frontend Web Developer Intern

Worked as a Frontend Web Developer Intern for 3 months, focusing on building responsive and interactive web applications using React.js. Gained hands-on experience in developing user-friendly interfaces, optimizing application performance, and implementing modern web design practices. Collaborated with senior developers to enhance technical skills and understand real-world project workflows. Learned version control with GitHub and improved debugging and problem-solving abilities. The internship provided valuable insights into the software development lifecycle and honed expertise in React.js development. This experience served as a strong foundation for further growth as a web developer.

Projects

22 Days

Chit Chat App - Realtime Chat Web Application

- Developed Chit Chat App, a Realtime Chat Web Application providing free message services.

- Ensured fast, simple, and secure messaging for users.
